DIRECTIONAL COLLECTIONS - CHANNEL

CONTEMPORARY HANDMADE UPHOLSTERY

To lead and manage you need good and excellent chairs. A leader manifests himself in the choice of his chairs and in the values that he transmits. Since 1990, the year in which we began to produce upholstery until the renewal embodied in the current Seating Collection, the most important and essential has been and is, the hands of professionals who cut, sew, process, transform and integrate natural leathers , fabrics and the selected quality foams of our upholstery in perfect structures made of beech wood, which in the directional chairs are implemented on rigorous aluminum bases.

La tapicería artesanal más refinada.
Para liderar y gestionar se necesitan buenas y excelentes sillas. Un líder se manifiesta en la elección de su sillería y en los valores que esta transmite. Desde 1990, año en que comenzamos a elaborar tapizados hasta la renovación plasmada en la actual Seating Collection lo más importante y esencial han sido y son, las manos artesanas de profesionales que cortan, cosen, elaboran, transforman e integran las pieles naturales, los tejidos y las espumas de calidad seleccionada de nuestra tapicería en perfectas estructuras de madera de haya, que en las sillas direccionales se implementan sobre rigurosas bases de aluminio.
