

# W<sup>3</sup> - OFFICE

Item no.: W11...

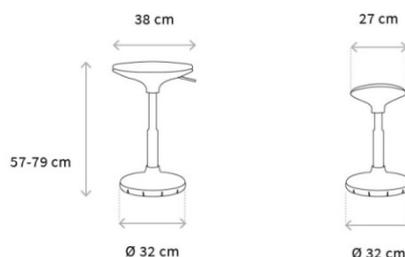

## PACKAGING

Standard brown carton

or, alternatively and at an extra charge, in a sales design carton and additional brown carton (e.g. W1105BV5D) for the black/green version in a design carton)

## DIMENSIONS

Weight: approx. 8 kg

## EQUIPMENT

The mega trend „Sitting in motion at a very high level“ is the focus of our new model W<sup>3</sup>, the first 3D-stool of WAGNER.

This stool moves you at your seated or your standing workplace.

The base has been shaped from thermoplastic synthetic materials and is divided into individual segments. Like high-tech trainers, the base adjusts perfectly to the surface and incline. This results in a unique sitting feeling.

The “foot” of the W<sup>3</sup> base is fully supported in a dynamic way. A honeycomb structure is formed by intelligent zoning which optimally adapts to your movement.

Unlock Gravity - Fully dynamic supporting the base - **Patent pending!**

## FABRICS

Black base in combination with a coloured sole and plastic strips in white, green or orange

Fabrics in sportive look matching the colour scheme of the base:

Seat upholstery in black - for the black base (item no. W1100BVO)

Seat upholstery in black - for the black/white base (item no. W1103BVO)

Seat upholstery in green - for the black/green base (item no. W1105BV5)

Seat upholstery in orange - for the black/orange base (item no. W1101BV1)

### Or as exclusive INTERIOR version:

Seat upholstery in open-pored leather V99, brown, with elaborate workmanship, base in black (item no. W1100V99)
