

FLUIT

LAMBDA³
INSPIRANDO ESPACIOS DE TRABAJO

FLUIT

Let it flow

Its design, inspired by the sails of a ship, is harmonious, light, and robust in equal measures, adaptable to any space ...

Su diseño inspirado en las velas de un velero da como resultado una forma armónica, ligera y robusta a partes iguales que se adapta a cualquier espacio ...

FLUIT, first collaboration with Archirivolto Design

FLUIT, primera colaboración con Archirivolto Design

Founded in 1983 in Colle di Val d'Elsa (Italy), Archirivolto Design is a collaboration between designers Marco Pocci and Claudio Dondoli. For over three decades, the studio has specialised in designing seating, from sofas to stools and chairs for workspaces and communal environments. Its designs use different materials, with a special emphasis on plastic.

Fundado en 1983 en Colle di Val d'Elsa (Italia), Archirivolto Design es el resultado de la colaboración de los diseñadores Marco Pocci y Claudio Dondoli. A lo largo de más de tres décadas, el estudio se ha especializado en el diseño de asientos, de sofás a taburetes y sillas para espacios de trabajo y entornos colectivos. Sus diseños incorporan materiales diferentes, con especial hincapié en el plástico.

Fondé en 1983 à Colle di Val d'Elsa (Italie), Archirivolto Design est le fruit de la collaboration des designers Marco Pocci et Claudio Dondoli. Depuis plus de trente années, le studio s'est spécialisé dans la conception de sièges, des canapés aux tabourets et aux chaises dédiés aux espaces de travail et aux environnements collectifs. Ses conceptions se composent de divers matériaux, et plus particulièrement de plastique.

Das 1983 in Colle di Val d'Elsa (Italien) gegründete Unternehmen Archirivolto Design ist das Ergebnis der Zusammenarbeit der Designer Marco Pocci und Claudio Dondoli. In mehr als drei Jahrzehnten hat sich das Studio auf die Gestaltung von Sitzmöbeln spezialisiert, von Sofas über Hocker bis hin zu Stühlen für Arbeitsbereiche und Gemeinschaftszonen. In ihren Entwürfen werden verschiedene Materialien verwendet, wobei der Schwerpunkt auf Kunststoff liegt

WINDS OF CHANGE

OUR 100% RECYCLED CHAIR

Nuestra silla 100% reciclada

FLUIT is made from 100% recycled fibreglass and polypropylene plastic, certified by Green World Compounding®, that comes from the fruit and vegetable crates of Andalusia and Almería, the regions that make up what is known as the vegetable garden of Europe.

FLUIT is 100% sustainably manufactured and represents the consolidation of our sustainability policies.

FLUIT está elaborada con fibra de vidrio y plástico polipropileno 100% reciclados, certificado por Green World Compounding® proviene de las cajas de fruta y verduras de las zonas Andalucía y Almería, territorios que constituyen la conocida como huerta de Europa.

FLUIT cuenta con una fabricación totalmente sostenible y supone la consolidación de nuestras políticas de sostenibilidad.

FLUIT a été fabriquée à base de fibre de verre et de plastique polypropylène 100 % recyclés, certifiés Green World Compounding®. Ce plastique provient des cageots de fruits et légumes de la région d'Andalousie, notamment Almería, des territoires qui composent le dénommé verger de l'Europe.

La fabrication de FLUIT est entièrement durable et reflète la consolidation de nos politiques en matière de durabilité.

FLUIT wird aus 100% recyceltem Glasfaser- und Polypropylen-Kunststoff hergestellt, der von Green World Compounding® zertifiziert ist und aus den Obst- und Gemüsekisten aus Andalusien und Almeria stammt, also aus Gebieten, die als Obstgarten Europas bekannt sind.

FLUIT ist gänzlich nachhaltig hergestellt und steht für die Umsetzung unserer Nachhaltigkeitspolitik.

Fluit's design is harmonious, light, and robust in equal measures, thanks to the innovative gas injection process.

Its delicate finish and soft touch awaken sensations thanks to a flowing design that unites the entire chair in one section, with no edges or joints.

Fluit es una silla de armónico diseño, ligera y robusta a partes iguales gracias al innovador proceso de doble inyección de gas.

Su delicado acabado y su suave tacto despiertan sensaciones gracias a un diseño que fluye y que permite al usuario recorrer toda la silla en una caricia ininterrumpida, libre de aristas o uniones.

Fluit est une chaise au design harmonieux, elle est légère et robuste à la fois grâce à un procédé innovant d'injection de gaz.

Sa finition délicate et son toucher doux éveillent des sensations grâce à un design fluide, qui permet à l'utilisateur de parcourir en une seule caresse toute la chaise, sans rencontrer d'arêtes ni de jointures.

Fluit ist ein Stuhl mit einem harmonischen Design, der dank des innovativen Gasinjektionsverfahrens gleichermaßen leicht und robust ist.

Die hochwertige Verarbeitung und die weiche Oberfläche geben dem Benutzer das Gefühl einer sanften, fließenden Form, die es ihm ermöglicht, den gesamten Stuhl zu genießen; ohne Kanten und Fugen.

AN EXTRA
INJECTION OF
RESISTANCE

What's more, using gas injection results in a robust and highly resistant product, making it one of the most stable chairs on the market, eliminating any sensation of wobbling.

Lightness is assured in all its versions: Fluit weighs between 4.5kg and a maximum of 5kg depending on the model (with or without armrests).

Además, el empleo de las dos capas de inyección, homogéneas y lineales, permiten reforzar su resistencia, convirtiéndola en una de las sillas más estables del mercado y eliminando cualquier sensación de tambaleo.

La ligereza está asegurada en todas sus variantes: dependiendo del modelo (con o sin reposabrazos), Fluit pesa 4,5kg y no alcanzando nunca más de 5 kg por pieza.

De plus, l'utilisation de l'injection de gaz permet d'obtenir un produit robuste et très résistant, ce qui en fait l'une des chaises les plus stables du marché, car elle supprime toute sensation de balancement.

La légèreté est assurée dans toute la diversité de sa gamme : selon le modèle (avec ou sans accoudoirs), Fluit pèse 4,5 kg et n'atteint jamais plus de 5 kg par pièce.

Durch den Einsatz der Gasinjektion erhalten wir außerdem ein robustes und sehr widerstandsfähiges Produkt, das zu den stabilsten Stühlen auf dem Markt gehört und das Gefühl des Wackelns eliminiert.

Leichtigkeit ist bei allen Modellen garantiert: Je nach Modell (mit oder ohne Armlehnen) wiegt Fluit 4,5 kg und ist niemals schwerer als 5 kg pro Stück.

IN ANY
SPACE

FLUIT is a chair designed to adapt to any space. Its organic lines allow it to flow perfectly in different environments, and it has its own characteristics, such as UVI protection as standard, and it is super stackable (up to 20 units for the model without armrests), making it the perfect designer piece to equip indoor and outdoor spaces alike.

FLUIT es una silla diseñada para adaptarse a cualquier espacio. No solo porque sus líneas orgánicas le permitan fluir con amabilidad en distintos entornos, sino porque cuenta con características propias, como la protección UVI de serie o el apilamiento (para el modelo sin brazos), que la convierten en una pieza de diseño ideal para equipar tanto espacios de interior como de exterior.

FLUIT est une chaise conçue pour s'intégrer dans n'importe quel espace. D'une part, ses lignes organiques lui permettent de se fondre agréablement dans différents environnements, et d'autre part, elle possède ses propres caractéristiques, comme la protection UV standard ou la possibilité d'être empilée en grand nombre (jusqu'à 20 chaises pour le modèle sans accoudoirs). Fluit est une pièce de design idéale pour équiper les espaces intérieurs et extérieurs.

FLUIT ist ein Stuhl, der sich an jeden Bereich anpassen kann. Nicht nur, weil er sich mit seinen organischen Linien gut in verschiedene Umgebungen einfügt, sondern auch, weil er besondere Eigenschaften hat, wie z. B. den UVI-Schutz als Standard oder die Superstapelbarkeit (für das Modell ohne Armlehnen bis zu 20 Einheiten), die ihn zu einem idealen Designerstück für die Ausstattung von Innen- und Außenbereichen machen.

Wide range of combinations

FLUIT can also come with a padded cushion for a more ergonomic experience, as well as a wide range of colour combinations, textures and recycled materials to fit in with the personality of any space.

FLUIT puede incorporar también un cojín acolchado para brindar una mayor experiencia ergonómica, a la que también se suma una amplia gama de combinaciones de colores, texturas y materiales reciclados para amoldarse a la personalidad del espacio.

FLUIT peut également accueillir un coussin matelassé pour une expérience plus ergonomique. Par ailleurs, elle offre une large gamme de combinaisons de couleurs, de textures et de matériaux recyclés, ce qui lui permet de s'adapter à la personnalité de l'espace.

FLUIT kann auch mit einem gepolsterten Kissen ausgestattet werden, um die Ergonomie zu verbessern. Außerdem gibt es eine große Auswahl an Farbkombinationen, Texturen und recycelten Materialien, um die Persönlichkeit des Bereichs zu unterstreichen.

TECHNICAL FEATURES

Información técnica

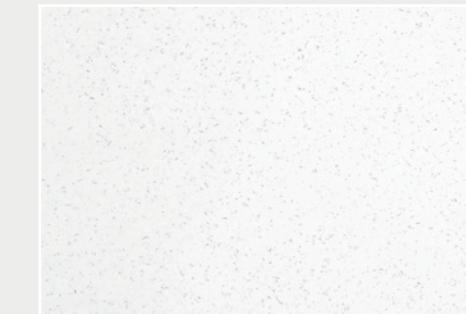

Un concepto 100% sostenible para una solución transversal, que se presenta con y sin brazos en respuesta a distintas necesidades, permitiendo también incorporar un cojín acolchado para aportar mayor ergonomía y al que se suma una amplia gama de combinaciones de colores tendencia.

A 100% sustainable concept for a multifunctional solution, available with or without armrests to respond to different needs, also with the possibility of incorporating a padded cushion for greater ergonomics and, on top of this, a wide range of trendy colour combinations.

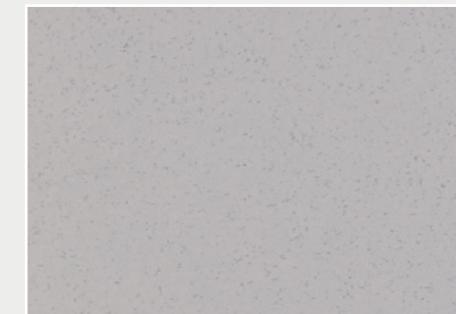

Ce concept 100 % durable offre une solution transversale. Elle se présente avec et sans accoudoirs, en fonction des différents besoins. Elle permet également d'accueillir un coussin matelassé pour une plus grande ergonomie, et pour finir, elle est proposée dans une large gamme de combinaisons de couleurs tendance.

Ein 100% nachhaltiges Konzept für eine transversale Lösung, die je nach Bedarf mit oder ohne Armlehnen angeboten wird. Außerdem kann ein gepolstertes Kissen für eine bessere Ergonomie verwendet werden und es gibt eine große Auswahl an trendigen Farbkombinationen.
