BUTACA WUDI

The collection

Wudi is a collection of armchairs, benches and side tables for lounge areas that combine tradition and modernity through the use of wood.

The armchair is a timeless and comfortable design, characterized by its expressive armrests. A backrest supported by a fabric stretched like a sail contributes to the light and relaxed spirit of the piece. The rounded solid wood structure radiates warmth and softens its image, while the upholstery and high-quality details lend it great elegance. The collection is completed with original upholstered benches and side tables that can be easily integrated into multiple spaces.

Side tables are easy to integrate into any interior. They are available in two sizes and, for greater functionality, can include a lower shelf to place magazines, books or objects.

— The original upholstered benches, can be integrated with flexibility into multiple contexts and spaces. Available in two sizes, the benches stand out for their essential elegance.
