QUBO.01

Purezza delle forme e massima linearità della composizione per un risultato dal sapore minimalista. Il grande bancone reception in rovere chiaro si adatta a qualsiasi ambiente grazie ai suoi requisiti estetici e costruttivi.

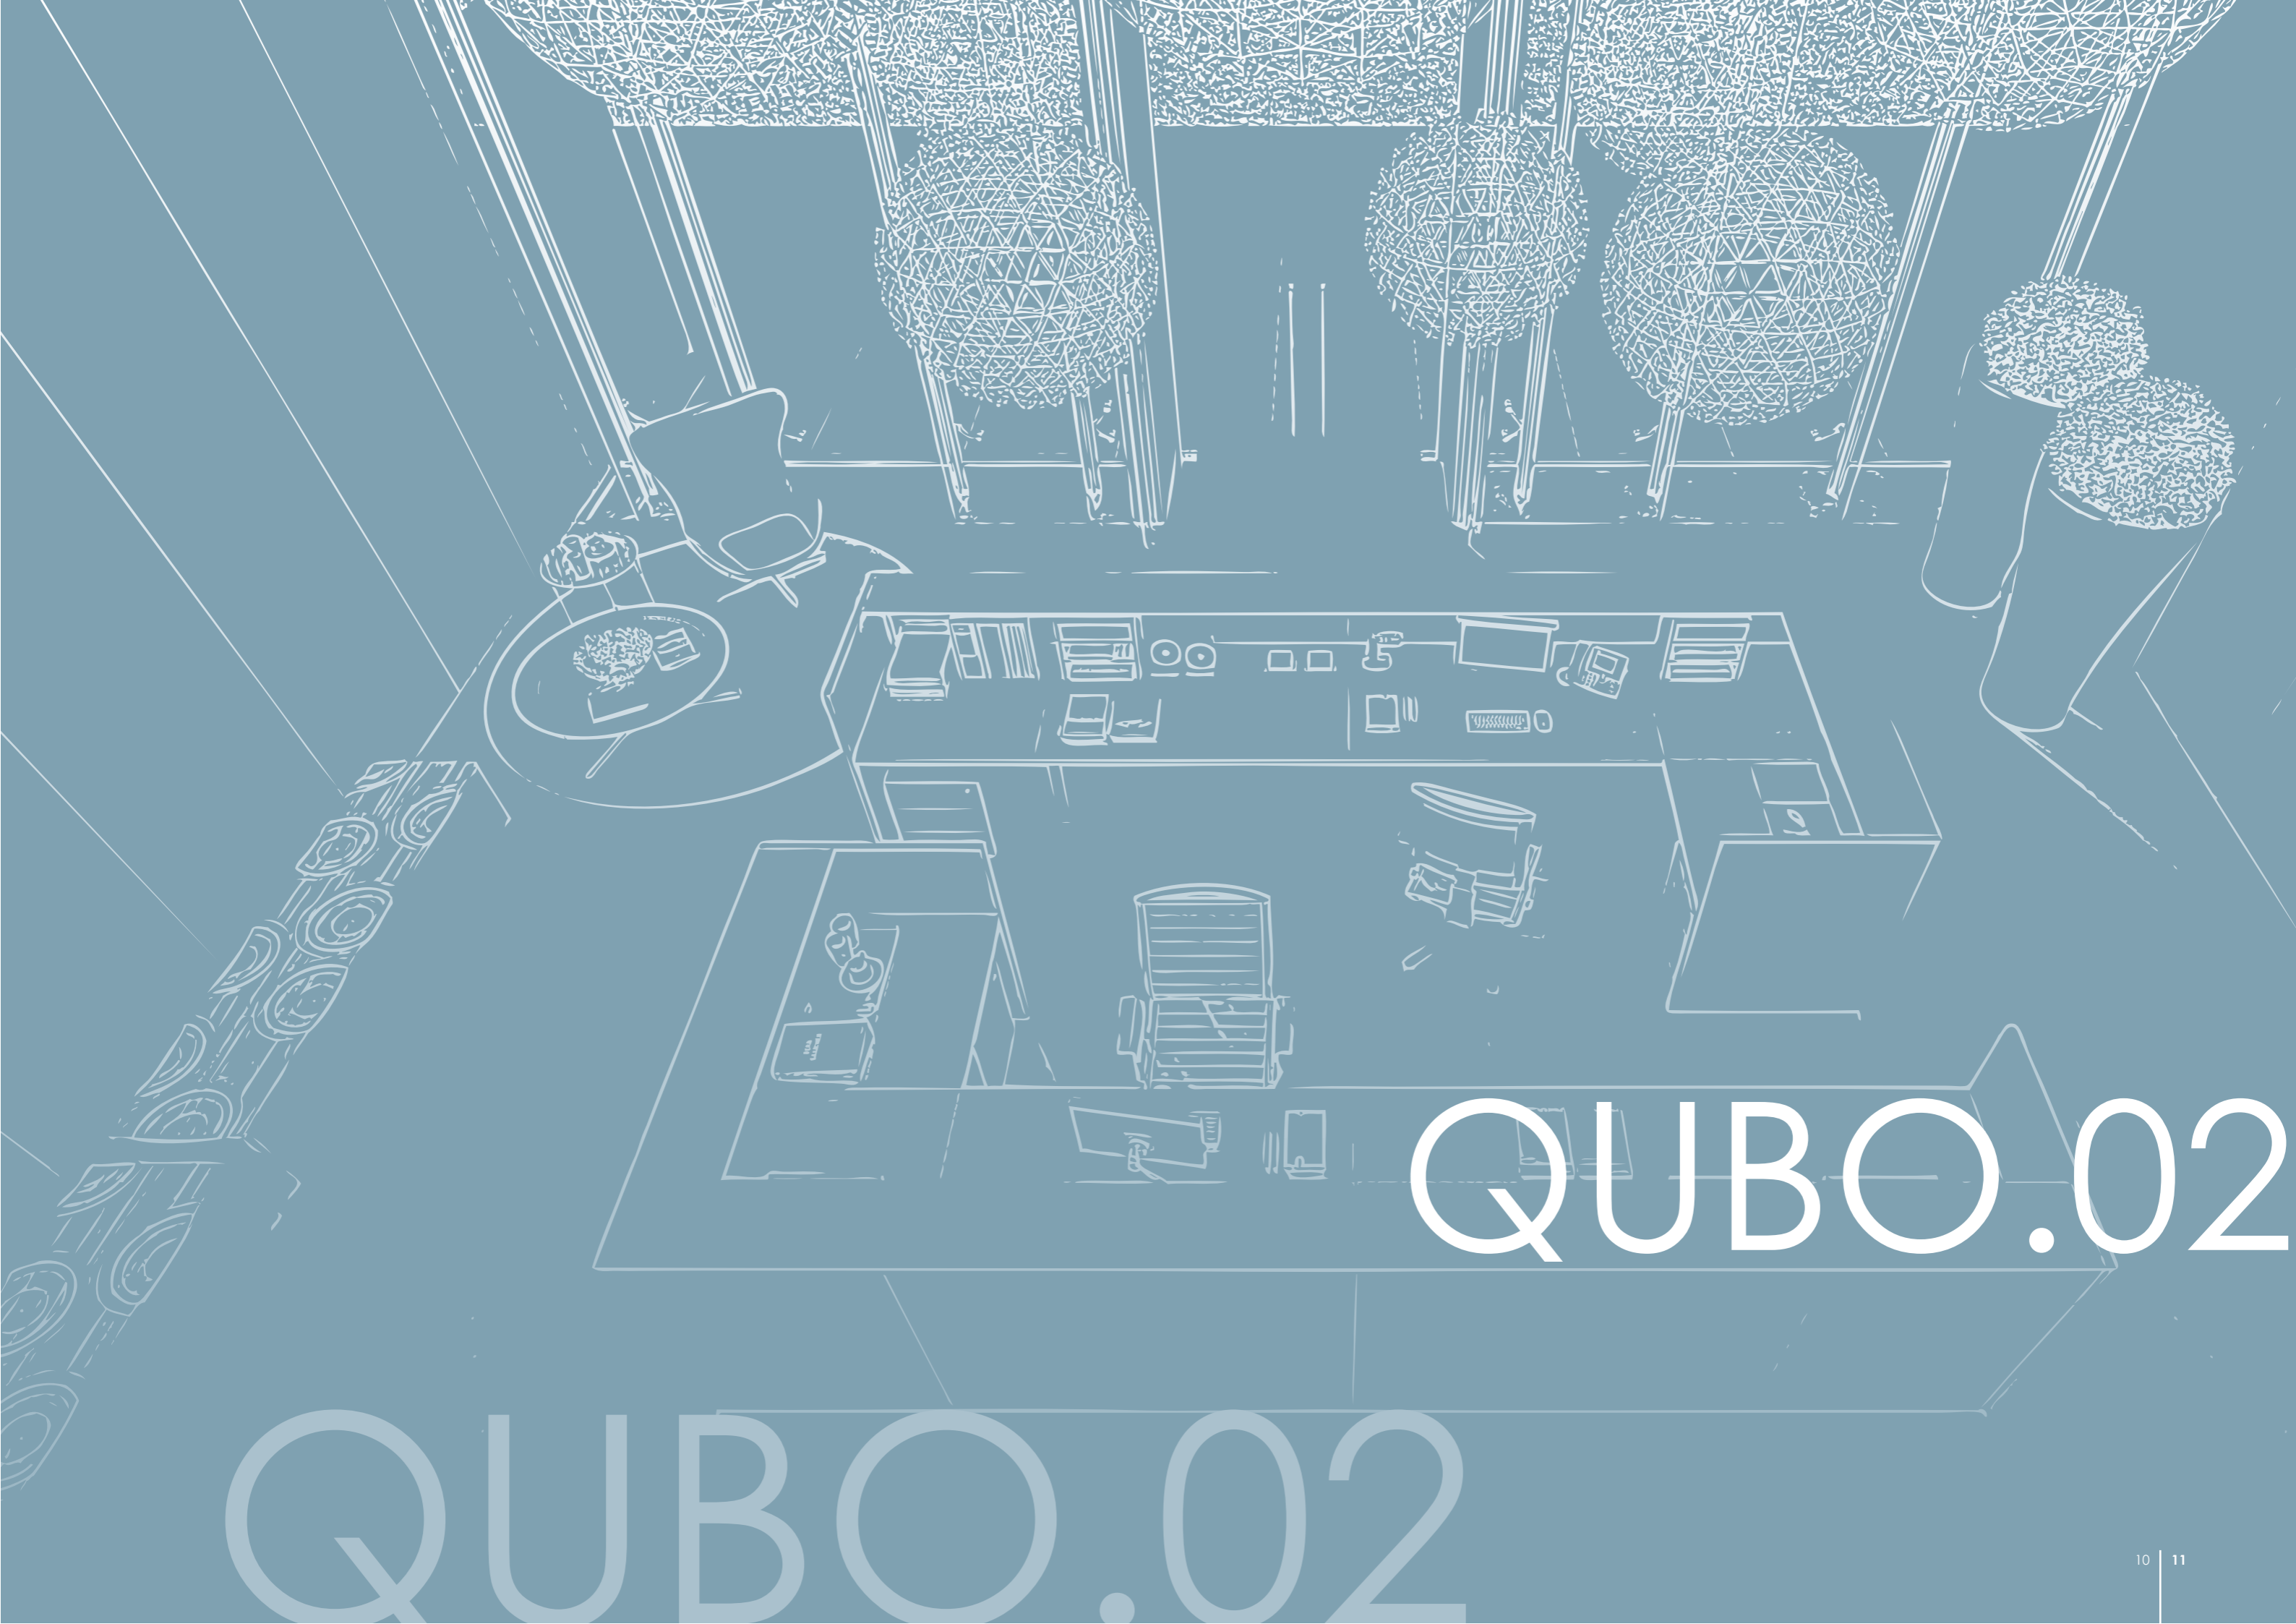

The clean lines of the range give a minimalist appearance. The large reception desk in light oak adapts to any room, thanks to its aesthetic and structural integrity.

Il piano di lavoro può essere attrezzato con funzionali box multiuso in melaminico, da posizionare a piacere sotto il top, nella soluzione orizzontale o verticale.

The working top can be augmented with the melamine multi function box, that can be placed either horizontally or vertically under the top.

Nella grande hall aziendale, trova la sua massima espressione la soluzione a 360°.
La reception a doppio affaccio diventa il cuore organizzativo per le relazioni esterne ed interne facilitando dialogo e scambio.

In a large space the 360 configuration demonstrates the product at its best.
The reception with double front provides the organizational heart both for external and internal relations, facilitating dialogue and exchange.

Forma e funzione si fondono con armonia attraverso l'eleganza delle finiture cromatiche.
Form and function blend harmoniously with the elegant chromatic finishes.

Le diverse modularità previste nella collezione, permettono di realizzare svariate composizioni. La tipologia ad "L" consente di progettare reception ad angolo che si interfacciano armoniosamente con il resto dell'ambiente.

The different modules offered within the range allow the creation of various compositions. The "L" shape allows for angled reception design in harmony with the rest of the space.

Il piano conversazione si integra perfettamente con i diversi moduli bancone e consente di creare uno spazio di grande utilità sia per gli operatori che per il pubblico, senza compromettere l'estetica e la funzione della composizione realizzata.

The conversation worktop, seamlessly integrated within the different counter modules, gives a space of great use both to the operator and the public alike, without compromising the aesthetic and function of the counter-desk.

QUBO.05

La soluzione compositiva ad "U" si presta in modo particolare ad essere inserita in grandi o importanti spazi destinati all'accoglienza. L'articolazione su tre fronti, genera un'ampia superficie lineare per il dialogo con il pubblico. Le finiture rovere tabacco e bianco lucido caratterizzano il volume con delicata eleganza.

The "U" shaped configuration is particularly suitable when used in large or important areas for the reception. Its three fronted composition gives a large area for interacting with the public. The Tobacco Oak and Glossy White finishes highlight its refined shape.

Questa soluzione prevede l'integrazione dei mobili di servizio di libera installazione che, in questo caso, incrementano la funzionalità a supporto dell'operatore, delimitando con semplicità e leggerezza le aree di lavoro.

This solution allows the integration of freestanding service units, increasing the functionality for the operator, providing the workspaces with a simplicity and lightness.
